PROFESSIONAL SUMMARY

Full Stack Developer and BSc Computer Science student based in Lahore. I build complete web applications from scratch, handling everything from database design to deployment. My work includes two live e-commerce platforms that I planned, built and shipped entirely on my own. Certified by PNY Trainings, Lahore.

EXPERIENCE

Freelance Full Stack Developer | Self-Employed, Remote, Lahore | 2023 to Present

- Built two full-stack e-commerce platforms independently, from initial planning to final deployment
- Managed the complete project lifecycle — requirements, development, testing and hosting
- Both applications are live with real users and continue to receive updates and new features
- Ongoing work includes product reviews, email notifications, admin tools and performance improvements
